Why should you attend?

The PECB ISO 9001 Lead Implementer is a five-day training course that aims to help you develop the competence necessary to establish, implement, operate, maintain, and continually improve a QMS. This training course aims to equip you with in-depth knowledge on ISO 9001 requirements, as well as the best practices and approaches used for the implementation and subsequent maintenance of a QMS.

By attending this training course, you can help organizations utilize a structured and evidence-based approach for managing the quality of their products and services. Apart from this, you will also learn about the importance of customer focus and benefits of setting the foundations of an organizational culture which enables and supports quality.

The training course is followed by a certification exam. If you pass, you can apply for the “PECB Certified ISO 9001 Lead Implementer” credential. UKAS accredited and internationally recognized, the “PECB ISO 9001 Lead Implementer” certificate validates your competence to implement a QMS based on the requirements of ISO 9001.
