Why should you attend?

The PECB ISO 14001 Lead Implementer training course helps you develop the necessary competencies to establish, implement, maintain, and continually improve an environmental management system (EMS). It aims to provide you with a comprehensive understanding of ISO 14001 requirements, as well as the best practices and approaches to environmental management.

This training course will enable you to help organizations establish appropriate environmental processes and controls that proactively prevent and mitigate adverse environmental impact, address environmental challenges, promote sustainability, and demonstrate commitment to environmental responsibility.

After attending the training course, you can take the exam, and if you successfully pass the exam, you can apply for the "PECB Certified ISO 14001 Lead Implementer" credential. The internationally recognized "PECB Certified ISO 14001 Lead Implementer" certificate demonstrates your professional capabilities and competencies to implement an EMS based on the requirements of ISO 14001.
