

TERMS OF USE POLICY FOR 3D EDUCATORS

Welcome to Our Learning Community

Welcome to 3D Educators. We are thrilled to have you here. This website is owned and operated by 3D Educators Trainers and Consultants. By accessing our website and enrolling in our professional programs, you are agreeing to the terms outlined below. We have written these in plain language to ensure you understand your rights and our expectations as we work together toward your professional growth.

Our Purpose and Services

3D Educators provides a wide range of professional training programs, including Information Technology, Management, Engineering, and ISO Certifications. Our goal is to bridge the gap between academic knowledge and industrial requirements. These services are provided through physical classes, live online sessions, and consulting services.

Enrollment and Eligibility

When you register for a course or join our Career Counseling Club, you agree to provide accurate and current information. Most of our professional programs are designed for adults and professionals. If you are a minor, you should only use this site with the guidance of a parent or guardian.

Course Attendance and Performance

Your success is our priority. To maintain the high standards of our certifications, students are expected to maintain regular attendance. We evaluate performance through class participation, assignments, quizzes, and exams. Please note that students who do not meet the minimum attendance or eligibility criteria may not be allowed to sit for final examinations.

Examination and Certification Rules

Certifications are awarded only upon the successful completion of all course requirements and passing marks in exams. If you are unable to appear for a final exam, you must submit a written application explaining your situation. Approval for a late exam is at the sole discretion of 3D Educators. If a student fails to appear for a scheduled makeup exam, they may be required to pay an additional examination fee for future sessions.

Financial Policies

We invest significant resources into planning and faculty for every batch. Therefore, please be aware that once a student enrolls in a diploma or certification program, they are not allowed
